10 workshops over 3 tracks

2016

~500 participants &  
16 workshops over 3 tracks

2017

~700 participants &  
33 workshops over 5 tracks

"Sponsoring the event gave us access to some of the top talent in the country, as well as exposure for our APIs and Developer Community. The Gold sponsorship was a great way to showcase Blackboard's openness and extensibility to the next generation of innovators."

*Scott Hurrey, Code Poet & Senior Technical Writer at Blackboard*
